WASHINGTON, Oct. 22 (UPI)—James R. Hoffa, presidents union president, was denied today a supreme court hearing on his complaint that President Kennedy and other government officials had pre-judged a grand jury against him.

Justice White and Goldberg took part in consideration of the India's appeal.

On Oct. 10, Hoffa and McCarthy faced dismissal of the indictment on the grounds they were deprived of a fair trial.

A statement from Kennedy during a presidential campaign debate Sept. 26, 1960, was offered in support of the dismissal request.

Kennedy said, in substance, "I am not satisfied to see men like Hoffa be free."

NFU Outlines Dairy Plans For Income

WASHINGTON, Oct. 22 (UPI)—The National Farmers Union has proposed a dairy program which it said would increase producer income by one billion dollars a year and provide low prices to consumers.

The program calls for direct payments to producers somewhat similar to the ones made in the 1961 wheat and feed grain programs. The proposed payment would cover the gap between actual market prices for milk and 100 per cent of the parity price of milk.

James G. Patterson, NFU president, said yesterday the organization is seeking funds for enforcement of the program in Congress next year. Patterson called on other farm groups to support the plan.

The NFU proposed a 100 per cent of parity (44.15 per 100 pounds) for producers who sell no more than they did in the 1961-62 market year. Producers who decide to sell more would receive only the market price which the government would not permit to go below \$4.10 per 100 pounds.

Snead and Mitchell Still Run Loose for Redskins; Eagles Defeated 27-21

By The Associated Press

Norm Snead and Bobby Mitchell, just a couple of kids at heart, are having a ball with the Washington Redskins this year. Trouble is, none of their Sunday playmates from around the National Football League appreciate their antics. This high-flying quarterback - fullback duo went whizzing right through the Philadelphia

21 victory that set Washington solidly in the Eastern conference lead with four victories and two ties, the latter not counting in the percentage.

But school may be out real soon for this frolicsome pair. Next week, they do battle with the second-place New York Giants, who are currently in a dead heat for the Eastern conference lead with four victories and two ties, the latter not counting in the percentage.

Denver Broncos Not Fading in Drive

By The Associated Press

Anyone who has been waiting for the Denver Broncos to fade from the American Football League's Western division race has been wasting his time. The rejuvenated Broncos are evidently not settling for anything less than first place. Denver held a half-game lead over the Dallas Texans in the Western division, but Sunday's come-from-behind 20-10 victory over two-time AFL champion Houston-Dallas has only them to Tommy Brookers' 42-yard field goal in the final 51 seconds that gave the Texans a 21-10 victory over the New York Titans in a brawl-filled game.

These were the only scheduled Sunday games, after Buffalo's 14-6 Saturday night.

Once more it was old pro Frank Tripucka at the controls for the Broncos, now 6-1 after a half-game lead in the 16th going into the final period, the 14-year pro veteran (joined with AFL scoring leader Gene Mingo to get the Broncos in front in the 11th).

Mingo caught one pass for 19 yards, then sped to the 10-yard line and fumbled, but recovered to set up Tripucka's touchdown toss to Bob Scarpito for the clincher. Donnie Stone added the final touch with a 35-yard run later in the period.

George Blaik had kicked a field goal, and engineered a 90-yard drive, capped by a 40-yard pass to Tom Lovell, who was out to put the Oilers ahead. This overcame a pair of field goals by Mingo in the first half.

San Francisco coach Ray Hechler declared flatly that the Packers would be beaten by some during the season. Said Hechler:

"If we can beat Baltimore next week and turn the corner into the second half of the season I'd be a son-a-mom."

They appear unbeatable with a perfect record, but funny things happen in this league.

Only one team, Chicago Bears, has not thrown the regular schedule with a record since the NFL was founded in 1921. And on both occasions the Bears have been beaten in championship games by the New York Giants 30-13 in 1934 and by the Washington Redskins 14-6 in 1935.

Despite the loss of NFL scoring king Paul Hornung, sidelined with a twisted knee, and a slow start offensively and defensively Packers' star满员者, including their 14th consecutive triumph, including exhibitions, since a 22-10 win on San Francisco last Dec. 10.

"They just knock you down and roll over you," said Hechler. "I think that the Packers will have to get the ball and hold on to it. That's what we tried to do, but those Packers are awfully strong."

The husky Gooley lost his chance for a tie when he bogied the 18th hole, but he still finished in the same three with Oelberger and Jim Austin of Gladwyne, Pa., and a birdie on the 18th gave him the lead.

His 14-foot birdie putt also hole and bounded out.

Jacobs fired the best round of the day, 69, and tied with Ron and Dickie. They had 69, Oelberger 68, and Dickin 67, and had an eagle three on the par-five 17th hole.

NEW YORK, Oct. 22 (UPI)—General stocks declined as the trading market turned to a wall street went through last spring. Prices first went down sharply, then around half their peak, and then eased off again. The close in the week before was the highest since the market opened. The political and military situation swelled to well over five million shares last Friday, a rate higher than the trading for the two-thirds of the month as the President argued he would discuss a matter of the highest importance on television this evening.

Despite a small dip in production, steel stocks held the daily well throughout the week, and finished higher. Steel was the principal factor in the market's small gain in the rally.

Arts closed slightly lower but well above their low. The situation is as small in the chip oils and chemicals.

On Gas and Panhandle, the items among the utility stocks, which were struck early in the session, closed up in the afternoon, and finished higher.

Most of the electronics showed only fractional changes but were up for the week. The market is 1 point lower after the last appearance in the plus column for a brief period on the mid-week rally.

CHICAGO, Oct. 22 (UPI)—Grain futures closed in new international record territory on active Chicago board of futures.

Wheat closed up 1 1/2 to 5 1/2, corn up 1 1/2 to 5 1/2, and soybeans up 1 1/2 to 5 1/2.

Wheat futures leaped sharply ahead from all futures closed higher from the previous week in a market that was

range-bound, and then closed up to 5 1/2 to 6 1/2.

The heavy demand reflected news

of congressional leaders to Washington

that the war was brewing.

Fighting between India and

Red China had been the concern.
